Early Ancient Rome
Geography Map Labeling

Directions:
Using the maps on pages 398 and 413 in Message of Ancient Days & page 340 in HISTORY ALIVE! locate the following places. Then, place the names of the locations on the blank map that has been provided for you.

1) Shade in the bodies of water in LIGHT BLUE color.

2) Shade over the rivers in DARK BLUE color.

3) Label the following list of places using all capital letters:
   - AFRICA
   - CORSICA
   - LATIUM (outline area in green)
   - ETRURIA (outline area in orange)
   - SARDINIA
   - SICILY

4) Label the following cities next to the appropriate dot:
   - Cumae
   - Syracuse
   - Tarentum
   - Rome
   - Carthage
   - Zama
   - Veii
   - Messina
   - Cannae

5) Write down the names of the three seas in the correct areas:
   - Tyrrhenian Sea
   - Mediterranean Sea
   - Adriatic Sea

6) Label the following rivers:
   - Tiber River
   - Po River

7) Label the mountain ranges in the correct areas. Place the name on the map, and then use the symbol for mountain range (^^^^^^) to show the extent of the range:
   - The Alps
   - The Apennine Mtns.

8) Create a compass rose, showing the four cardinal directions.

9) Create a key/legend to show the readers of your map what the different colors are meant to identify.
